

LINKAGE INDIVIDUAL LICENSE AGREEMENT

This Linkage Individual license agreement (the "Agreement") applies between University Paris 1 Panthéon-Sorbonne, Paris, for SAMM Laboratory (M. Pierre Latouche) and University Paris Descartes, Paris, for MAP5 Laboratory (M. Charles Bouveyron), and the Individual, with regard to the Linkage software ("Software") which allows to cluster the nodes of networks with textual edges.

1. Individual confirms that it understands and agrees to be bound by this Agreement with respect to any and all use and handling of the Software. Individual certifies that any information declared during the recording is exact.

2. Subject to Individual compliance with all the terms and conditions of this Agreement, Individual obtains a personal royalty free non-exclusive and non-transferable right to access, display and use the Software solely to its Individual personal purposes. Individual is aware that such access rights will be subject to a degraded mode after several uses with all options of the Software.

Individual is not granted any other rights, in particular commercial rights on the Software and is not entitled to use the Software for any other use, to transfer or grant any right on the Software, to decompile or disassemble the Software.

Except as expressly set forth herein, Individual shall not reproduce, adapt, modify, transform, arrange, translate, prepare derivative works based upon or distribute copies of Software.

3. Software, and any rights associated are owned by University Paris 1 Panthéon-Sorbonne, Paris, for SAMM Laboratory (M. Pierre Latouche) and University Paris Descartes, Paris, for MAP5 Laboratory (M. Charles Bouveyron) (the "Owners"). Individual undertakes not to remove the notices that appear in the Software.

4. This Agreement does not include any transfer to Individual of Software ownership, or any rights on the Software.

5. Individual is entirely responsible for the use of Software according to this Agreement.

6. Individual acknowledges that the Owners has expended significant resources and efforts to develop Software, that Software represents highly valuable and confidential assets, and agrees not to take any action to jeopardize, limit or interfere in any manner with the Owners' ownership and intellectual property rights with respect to Software.

7. To the maximum extent permissible under applicable laws, nothing in this Agreement shall be construed as a representation made or warranty given by the Owners that the use of Software, in whole or in part, shall not infringe any intellectual property rights of any kind. Software is provided "as is" without warranty of any kind whatsoever, express or implied, including warranties of performance, merchantability, quality, relevance or fitness for a particular purpose. The Owners makes no warranty that Software does not contain errors.

8. The entire risk as to the interpretation of the results provided using Software shall be borne by Individual.

9. This Agreement shall be effective from the date of consent to this Agreement.

10. This Agreement shall be construed, governed, interpreted and applied in accordance with the laws of France. Any dispute shall be submitted to the competent Court of Paris, France.
